Unicellular marine eucariotes with the highest hsp expression level
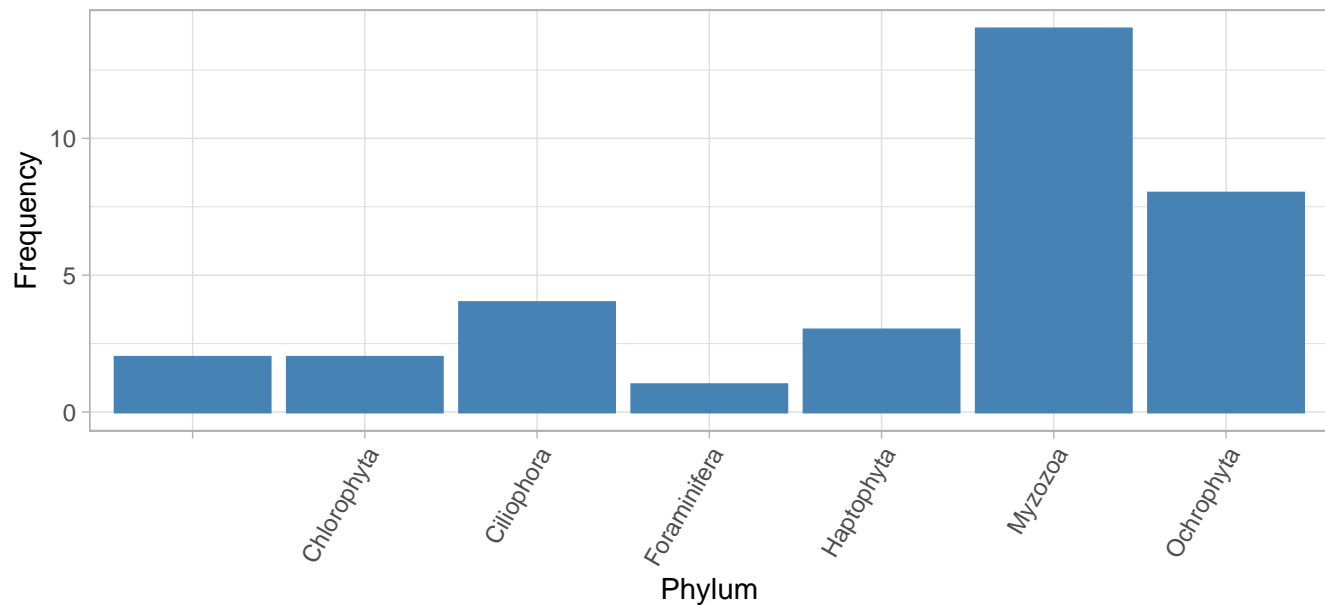

Frequency vs Phylum (Chlorophyta, Ciliophora, Foraminifera, Haptophyta, Myzozoa, Ochrophyta)

Unicellular marine eucariotes with the lowest hsp expression level

Frequency vs Phylum (Bigyra, Chlorophyta, Ciliophora, Cryptophyta, Haptophyta, Myzozoa, Ochrophyta)

Unicellular marine eucariotes with the highest hsp expression level

Frequency vs Infraphylum (Dinoflagellata, Intramacronucleata, Khakista, Limnista, Monista, Stramenopiles)

Unicellular marine eucariotes with the lowest hsp expression level

Frequency vs Infraphylum (Chlorophytina, Dinoflagellata, Khakista, Monista, Protalveolata, Sagenista, Ventrata)
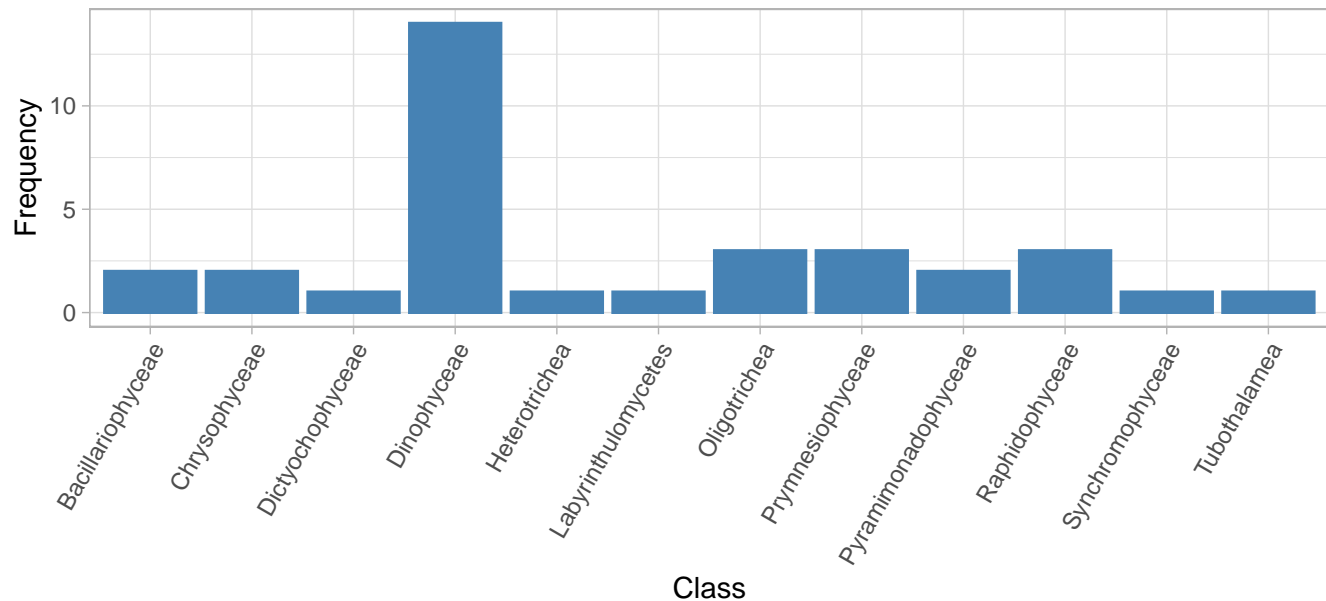

Unicellular marine eucariotes with the highest hsp expression level
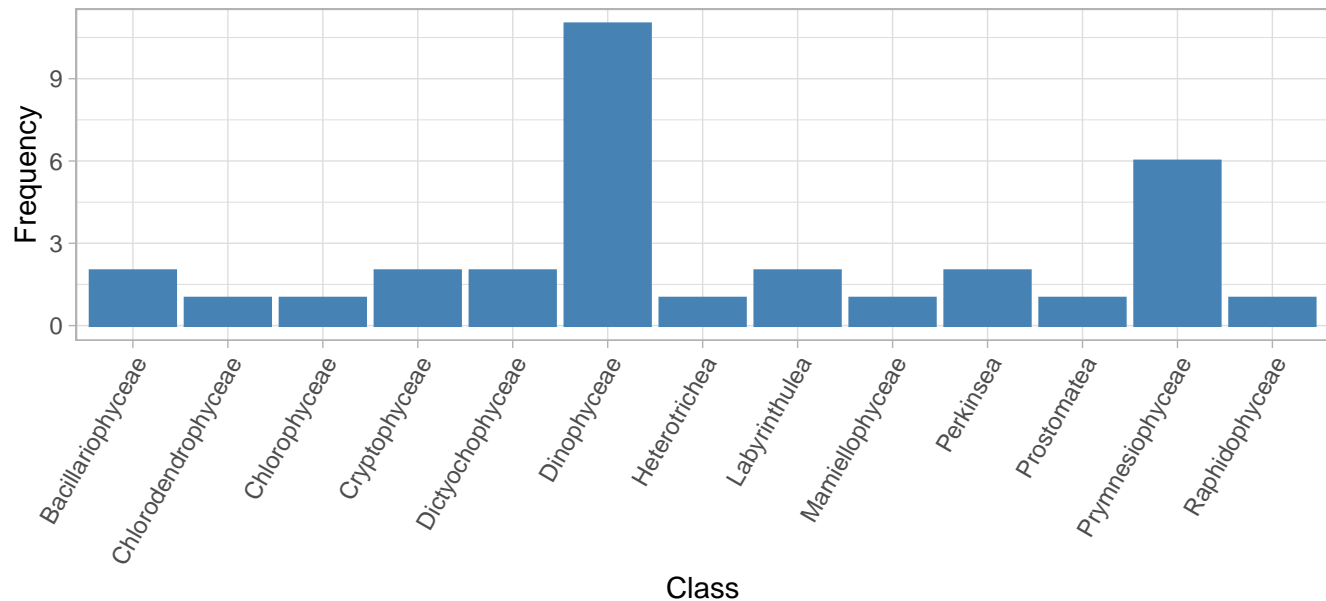

Unicellular marine eucariotes with the lowest hsp expression level

Unicellular marine eucariotes with the highest hsp expression level

Unicellular marine eucariotes with the lowest hsp expression level
